

TBF Facilitator / Trainer Newsletter – July 2015

Dearest Breath Family,

There are but few announcements with this mailing but of more importance than usual. TBF has turned a corner in technology and Breathworker support.

Please share this with fellow Facilitators and Trainers in your state or country.

Love & Light,
Judith

RECERTIFICATION EVENTS

Retreats

TBF is offering multiple **Breath Retreats** to help qualify folks for Recertification.

We have announced the
**“BREATH FAMILY REUNION” for
OCTOBER 10 - 12
in New Hampshire USA.**

Our need was to get a minimum level of **registrations by July 15**. We are cutting it close.

But we certainly look to avoid having to cancel.

http://transformationalbreath.com/docs/etr_flyer_20151010-lac.pdf

And also, Dorothee Dillmann put in much effort assembling a gathering in Germany.

**“TIEF und WEIT 2015”
1 - 4, August, 2015
Freising, Germany**

Don't pass up these opportunities if you are in need of recertification. Still there are more reasons to come.

Open the flyers. There is still time.

DOCUMENT DOWNLOAD SYSTEM

We are happy to announce the July release of our **Document Download System (DDS)**. This project has been in the works for a long time and we had waited for materials upgrades, translations, policy resolutions, and some other items so that we may have something much more valuable to offer. We created a “Launch

Pad” on the [TOOLS](#) page of the website (see the blue tile in the middle column called “Training Packets”). I will add the following links soon:

- **User Guide** (how to login and use the Download facility).
- **Release Notes** (this describes the contents and additions to each new Packet Release).
- **Sign In** (the Login link)
- **Request Login** (if you do not receive a Login from us within 2 weeks after we roll out the system.)

So on the TOOLS page, sometime in July you will see the **Coming Soon** banner removed. The system will be open for use.

* Definitely download and save the User Guide.

* We will roll out Logins over a period of weeks.

To recap: We are releasing Download Packets based on one's Role within TBF's structure. So whatever you are authorized to download, will be there for the picking... Just keep your packages secure on your PCs, Tablets, etc.

Once you receive your Login, this will be self-service. We are discontinuing the requests to send documents by Email or Dropbox.

While the *Level IV Handout Packet* and *Level V Handout Packet* were in good shape, Trainers and Senior Trainers will be pleased to see new and accurate Outlines, PowerPoint Slideshows, and similar training support materials; we can thank Eugenia for her bleary-eyed marathon efforts on these upgrades to meet my July target.

Except the PowerPoints, the English Packets print-ready materials will be available on A4 paper, as well as letter-size.

New Project: In addition to adding to our Manuals, Eugenia and I just began a project to create a Video Training Library. There is no target date left as we have thousands of hours of video to look through. But these are planned to be released on a streaming service for training and practice purposes.

MANUALS & TRANSLATION UPDATE

With the release of DDS we have more completed manuals and translations to offer.

Retirement Dates: We have passed the March 31, 2015 deadline for translating Seminar (Level 1,2, and 3) manuals.

It is time for us to consider a **Level 4** Cut-off Date. I feel **June 30, 2016** is more than fair if we are intent on presenting updated Level 4 materials to our foreign clients. The sooner the better.

Two Level 4 translation efforts are well underway. Although the Level 4 manuals are packed with content, much translation is already done from older translations and the duplicate articles from the Seminar manuals.

Acknowledgements: Thanks to Trainer Marcel Gerrits who is now engaged with the Level 4 Dutch manuals after completing the Seminar. Ruth Dittrich has worked with Dorothee and I to complete German Seminar. Tilsim and Nilgul have provided me almost everything required in Turkey for all Level s1 - 5 manuals. It is up to me to get through all the material. We are moving forward step by step!

Introductory Trainings Manuals

Trainers and Senior Trainers will notice that in their Download Packets there are English manuals for **Reclaim Your Breath™ (RYB)**, **Reclaim Your Superpowers™ (RYS)** and **Presence of Breath™ (POB)**.

Since the RYB core content is common to all the Introductory Level Trainings, these 3 manuals will be similar but not the same. Both RYS and POB have specific content to make them unique and relevant. And there are two copies: Letter-size English, and A4-paper-size English (for Europe).

As we move further into translations of other manuals, these 3 Introductory manuals can be rather painlessly produced in other languages even though all the programs are not yet run in all countries.

The list of supported Manuals and Packets keeps growing. At last count it equals nearly a potential **170** finished products.

NEW TERRITORY

TBF has now reached 42 countries in some format. I understand that Trainer **Alan Dolan** did a Workshop in Brazil some time back ... and a few likely destinations loom on our 2015 horizon with other Facilitators and Trainers. More on that when it happens.

Namaste! -Steve
